Director's Report

There are so many men that never reach their potential, or even come close. Most times men mess up and then spend the rest of their lives regretting their mistakes. It is so awesome that our Lord Jesus suffered and died to pay for our sins and mistakes to give us new life in Him. Men, and women, need to know this good news. The sooner we know this wonderful news the sooner we will get on track to fulfill our destiny and God's purpose for our life.

Junior Cardoza is our house manager at our transitional home in Lancaster. Last week we were able to get him clearance to preach the Good News on one of the blocks at Lancaster County Prison. Junior shared his testimony of being delivered from drugs and serving time in prison and half the men responded with open hearts.

At this year's TTC Banquet there will be several men giving their testimony of how God changed their lives. Plus there will be opportunity for the audience to ask the men questions. We look forward to seeing you at the banquet.

Love for Jesus Sparks Renewed Passion

My name is Duane Kraft . When I was a young boy of 7, back in the 70's, my family moved to Pennsylvania. During this time I learned to love hunting, fishing and trapping. At the age of eight I completed a home study course on taxidermy . My love for artwork and wildlife continued to flourish.

At the tender age of fourteen my whole life changed and my love for wildlife and my skill with art was put on hold. I started dabbling in alcohol and drugs and they finally took control of my young life. I started doing poorly in school and my relationships with family and friends became (continued on back)

strained. My drug addiction finally caused me to drop out of high school, when I was sixteen . I was making very poor choices and eventually prison became my home, for a period of years.

Praise God!! I have recently turned my life and will over to Jesus Christ. This has definitely been the best choice I have ever made. Through this new relationship with the Lord, the love for the arts has been renewed in my life. I am again drawing and spending time preserving

animals. I am currently living in the Transition to Community Transitional House in New Holland. They provide accountability and encouragement as I am starting out this new life in Christ.

I will have an art display and some of the pelts I preserved for sale at the Transition to Community Banquet. I would love for you to come and see the art work that Jesus has again inspired in my life.
